

COMPLETE SYSTEMS

"I see my face looking better every day."

TRAINER SYSTEM™

Habit correction before, during, and after treatment.

"Now I have a choice."

MYOBACE SYSTEM™

A new concept in orthodontic treatment.

"Instant symptom relief."

TMJ SYSTEM™

Immediate and effective diagnosis and treatment.

FOR EVERY PRACTICE

Myofunctional Research Co. is committed to the prevention and treatment of malocclusion through non-intrusive retraining of the oral musculature, and the elimination of bad oral habits. To achieve this, we have developed a unique range of prefabricated intra-oral appliances.

Our aim is to improve the facial and dental development of growing children, and provide better treatment of orthodontic and TMJ disorders.
